EDUCATION

Ivey Business School, Western University, London, ON, Canada

2022

Candidate for Bachelor of Arts, Honors Business Administration (HBA)

- Deloitte Innovation Forum Finalist (2021)
- Completed first two years in *Bachelor of Management and Organizational Studies, Honors Specialization Accounting*, Huron University College at Western (2018 – 2020)
- Dean's Honor List (2019, 2020)
- Huron Achievement Award Scholarship (2018)

WORK EXPERIENCE

PSP Investments, Montreal, QC, Canada

May 2021 – Sept. 2021

Intern, Enterprise and Non-Investment Risk Management

- Created the monthly external risk report which detailed enterprise risks that other financial institutions were facing; the reports were posted to PSP's internal site and helped to increase awareness and subsequently risk culture within the firm.
- Compiled and aggregated risk data from four different departments at PSP to compare data measurement scales and labelling; will result in a 33% efficiency improvement for future data centralization.
- Modified the enterprise risk taxonomy to better represent risks that PSP is exposed to by researching industry standards and trends; resulted in a more comprehensive risk taxonomy that addressed relevant risks in 2021.
- Analyzed the FY21 Risk and Control Self-Assessment (RCSA) report and made recommendations for the FY22 RCSA report, as well as mapped RCSA results from the old taxonomy to the new one; recommendations such as implementing COVID-19 success metrics and using a more comprehensive risk scale were received well and should be included in the next report.

Monest, London, ON, Canada

Dec. 2020 – Feb. 2021

Research Analyst

- Researched and collected supply chain, business process and ESG data on companies in the apparel industry; by employing proper research techniques, the resulting data was easily digestible by team members.
- Analyzed research data to identify trends and develop industry benchmarks; led to key insights and more effective comparison between companies.
- Summarized all information to draw conclusions for consumers; consumers were ultimately able to make more informed purchasing decisions.

OTHER ACTIVITIES & INTERESTS

Huron Cares Case Competition, Case Author/Organizer

Nov. 2020 – Feb. 2021

- Co-wrote the case. Used research data and interviewed stakeholders to write an effective case for the competition. The case competition is intended to develop student-based solutions to EDI issues on campus, which will be presented to Huron EDI Committee members.

Student Energy at Western University, Vice President External

May 2020 – Apr. 2021

- Took an analytical approach to managing club relations both on-campus and within the London community by developing a contact database and communicating with internal and external organizations; club executives were able to capitalize on 22 strong relationships and collaborate with organizations.
- Took initiative to organize the 2021 Spring Conference, which included partnering with organizations and securing \$500 in sponsorship funds; Western students learned about clean energy development and had networking opportunities.

Interests: Energy, baseball

Skills: Microsoft Excel, Web development tools (HTML5, CSS3)
